EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kirsten Gruneberg on January 8, 2004.

The application has been amended as follows:

In claim 14 please remove the period after the phrase "0.01 to 0.2" and before "g/m² in line 9 of the claim.

In claim 18, please delete the word "type"

Please replace existing claim 22 with the following:

22. A process for producing a casting film comprising:

coating an addition reaction silicone composition comprising

(1) a mixture of a polyorganosiloxane having a hexenyl functional group and a polyorganosiloxane having a vinyl functional group, and

(2) a photosensitizer

into a layer on a substrate film in an amount of 0.01 to 0.2 g/m² in terms of solid content;

heat-treating said layer at 40 to 120° C to obtain a heat-treated layer; and irradiating said heat-treated layer with an ultraviolet ray, thereby curing

said heat-treated layer to obtain a cured layer of said addition reaction silicone composition.

In a telephonic interview initiated by the Examiner, it was pointed out that the previous incarnation of claim 22 took on the form a process of forming a product made by that same process. That is, claim 22 was a method claim containing therein product-by-process language wherein the steps of the method and the process were the same so as to be redundant. It was suggested that Applicant consider rewriting claim 22 to include a full description of the composition and make it independent. Applicant indicated that they were amenable to this change. It was agreed that all changes would be completed by way of Examiner's amendment.

As for claim 14, modifications to this claim were made only to eliminate a typographical error.

"Type" was removed from claim 18 at Applicant's request.

An updated survey of the prior art did not yield any additional references more germane than those already cited. Therefore, claims 14-20 and 22 are considered allowable. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
